Section 48980 of the Education Code of California requires that notice be given at the beginning of the first semester or quarter of the regular school term to the parent or guardian of the minor pupils in the school district regarding the rights of the parent or guardian under the California Education Code. Some legislation requires additional notification to the parents or guardians during the school term or at least 15 days prior to a specific activity. (A separate letter will be sent to parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate.) Other legislation grants certain rights that are spelled out in this form.

Accordingly, you are hereby notified as follows (when used in this notification "parent" includes a parent or legal guardian):

The district's policy of nondiscrimination requires notification in native language if the district's service area contains a community of minority persons with limited English language skills. Notification must state that the district will take steps to assure that the lack of English will not be a barrier to admission and participation in district programs. This policy applies to all students insofar as participation in programs and activities is concerned, with few exceptions such as contact sports. In accordance with federal law, complaints alleging noncompliance with this policy should be directed to the school principal. Appeals may be made to the district superintendent. When enrolling a child, schools must accept a variety of documents from the student's parent to demonstrate proof of child's age or residency. Parents have the option to provide a school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for a minor student in the event the parent is detained or deported. Parents have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for a minor student. Students have the right to report a hate crime or file a complaint to the school district if they are discriminated against, harassed, intimidated, or bullied on the basis of actual or perceived nationality, ethnicity, or immigration status. The California Attorney General's website provides "know your rights" resources for immigrant students and family members online at <https://oag.ca.gov/immigrant/rights>.

Students Right to a Free Public Education

All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.

In California:

All children have the right to a free public education. All children ages 6 to 18 years must be enrolled in school. All students and staff have the right to attend safe, secure, and peaceful schools. All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.

All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics

School Enrollment

When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.

You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena. Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice

Family Safety Plans

You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported. You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Filing a Complaint

Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

CHILDREN IN HOMELESS SITUATIONS (42 USC §11431-11435): The district shall appoint a liaison for homeless children who shall ensure the dissemination of public notice of the educational rights of students in homeless situations.

AND HIV PREVENTION (EC §51938): The district shall annually notify parents about instruction in comprehensive sexual health education and HIV prevention education and research on student health behaviors and risks planned for the school year. Written and audiovisual educational materials used in such education are available for inspection. If arrangement for the instruction is made after the beginning of the school year, parents will be

notified no fewer than 14 days prior to the commencement of any such instruction if the district elects to provide the instruction by outside consultants in class or during an assembly. The notice must include the date of instruction, the name of the organization or affiliation of each guest speaker and information stating that the parent has the right to request a copy of the law pertaining to such instruction. Parents have the right to excuse his or her child from all or part of the comprehensive sexual health and HIV prevention education by submitting a written request to the district. Those students whose parents do not submit a written request to excuse them will receive such instruction. The law also authorizes the district, without prior parental consent, to use anonymous, voluntary and confidential research and evaluation tools to measure student's health behaviors and risks, including tests, questionnaires, and surveys containing age appropriate questions in grades 7 to 12 about the student's attitudes concerning or practices relating to sex. The district must notify parents in writing before any such test, questionnaire, or survey is administered and provide them with an opportunity to review the materials. Parents have the right to excuse his or her child from such participation by submitting a written request to the school district.

HEALTH INSTRUCTION/CONFLICTS WITH RELIGIOUS TRAINING AND BELIEFS (EC §51240): Upon written request of a parent, students shall be excused from part of any school instruction in health if it conflicts with the religious training and beliefs of a parent.

SCHOOL ATTENDANCE/ATTENDANCE ALTERNATIVES

California law (EC §48980(g)) The district website provides parents of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Students who attend schools other than those assigned by the districts are referred to as "transfer students" throughout this notification. There is one process for choosing a school within the district that the parent lives (Intradistrict transfer), and separate process for selecting schools in other districts (Interdistrict transfer). Processes are described as follows:

CHOOSING A SCHOOL WITHIN DISTRICT IN WHICH PARENT LIVES – INTRADISTRICT CONTRACT

The law (EC §35160.5(b)) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the process is on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- A district does not provide transportation assistance to a student that transfers to another school in the district under these provisions.

If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision

CHOOSING A SCHOOL OUTSIDE DISTRICT IN WHICH PARENT LIVES – INTERDISTRICT CONTRACT

Parents have different option of choosing a school outside the district in which they live. The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. Districts of residence may not deny a transfer of a student whose parent is active duty military where the district of proposed enrollment approves the application. The law on Interdistrict transfers also provides for the following:

If either district denies a transfer request, a parent may appeal the decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision

GRADE REDUCTION/LOSS OF ACADEMIC CREDIT (EC §48980(f)): No student shall have his/her grade reduced or lose academic credit for any excused absence pursuant to EC §48205 for missed assignments/tests that can reasonably be provided/completed.

ABSENCES FOR CONFIDENTIAL MEDICAL SERVICES (EC §46010.1): Students in grades 7-12 and their parents are notified that the law permits schools to excuse students for the purpose of obtaining confidential medical services without parental consent. District policy regarding excusing such absences is available upon request.

ABSENCE FOR RELIGIOUS INSTRUCTION (EC §46014): Districts may allow pupils with parent consent to be excused to participate in religious exercises/instruction.

MISCELLANEOUS

NON-MANDATORY PROGRAMS FOR PARENTAL/PUPIL PARTICIPATION (EC §49091.18): Schools may not require a student or student's family to submit to or participate in any assessment, analysis, evaluation, or monitoring of the quality or character of student home life, parental screening or testing, nonacademic home-based counseling program, parent training, or prescribed family educational service plan.

SEX EQUITY IN CAREER PLANNING (EC §221.5(d)): Parents shall be notified in advance of career counseling and course selection commencing with course selection in Grade 7, to promote sex equity and allow parents to participate in counseling sessions and decisions.

SEXUAL HARASSMENT POLICY (EC §231.5; 5 CCR §4917): The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who files a complaint, testifies, or otherwise participates in the district complaint processes. The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment.

Such instruction and information shall include:

- What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
- A clear message that students do not have to endure sexual harassment
- Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
- Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
- Information about the rights of students and parents/guardians to file a criminal complaint, as applicable

Any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity (e.g., by a visiting athlete or coach) shall immediately contact his/her teacher or any other employee. An employee who receives such a complaint shall report it in accordance with administrative regulation.

The Superintendent or designee shall ensure that any complaints regarding sexual harassment are immediately investigated in accordance with administrative regulation. When the Superintendent or designee has

determined that harassment has occurred, he/she shall take prompt, appropriate action to end the harassment and to address its effects on the victim.

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in the schools.

UNIFORM COMPLAINT PROCEDURES (EC §231.5; 5 CCR §4917)

The uniform complaint procedures shall be used to investigate and resolve complaints alleging violations of federal or state laws or regulations governing specific educational programs; including state preschool programs, to prohibition against requiring students to pay fees, deposits, or other charges for participating in educational activities, and unlawful discrimination, harassment, intimidation, or bullying. The district's uniform complaint procedures policy and administrative regulation shall be posted in all district schools and offices, including staff lounges and student government meeting rooms. If 15% or more of students enrolled in a particular school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning uniform complaint procedures shall be translated into that language. The following compliance officer(s) shall receive and investigate complaints and shall ensure district compliance with law.

A parent or guardian shall be liable for the amount of any reward. A parent or guardian is liable to the District for all District property loaned to a minor and not returned upon demand. LOCAL CONTROL AND ACCOUNTABILITY PLAN (EC §§52060-52077):

The district is required to adopt a three-year Local Control and Accountability Plan (LCAP) and to update the LCAP on or before July 1 of each subsequent year. The LCAP is required to identify annual goals; specific actions geared toward implementing those goals and must measure progress for student subgroups across multiple performance indicators based on eight priorities set by the State. The priorities must be aligned to the district's spending plan. The LCAP must be approved before the annual district budget can be adopted. Once the budget and LCAP are adopted at the local level, the county superintendent will ensure alignment of projected spending toward goals and services will review the plan. The following are the State priorities:

- Providing all students access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities;
- Implementation of and student access to state academic content and performance standards;
- Parent involvement and participation;
- Improving student achievement and outcomes along multiple measures;
- Supporting student engagement;
- Highlighting school climate and connectedness;
- Ensuring all students have access to a broad course of study;
- Measuring other important student outcomes related to required areas of study;
- Coordinating instruction for expelled students; and
- Coordinating services for foster children.

The Board of Education is required to establish a parent advisory committee (PAC) and English learner parent advisory committee (ELPAC) to provide advice to the Board of Education and the superintendent regarding the LCAP. (ELPACs are required if enrollment in the school district includes at least 15% English learners and the district enrolls at least 50 pupils who are English learners. Districts are not required to establish a new ELPAC if an English learner parent committee has already been established).

PACs shall include parents of low-income students, English learner students, and foster youth. Each district is required to consult with its teachers, principals, administrators, other school personnel, local bargaining units, parents, and pupils in developing the LCAP. As part of this consultation process, districts must present their proposed plans to the PAC and ELPAC.

The advisory committees can review and comment on the proposed plan. Districts must respond in writing to the comments of the PAC and ELPAC. Districts are also required to notify members of the public that they may submit written comments regarding the specific actions and expenditures proposed in the LCAP. Districts must hold at least two public hearings to discuss and adopt (or update) their LCAPs. The district must first hold at least one hearing to solicit recommendations and comments from the public

regarding expenditures proposed in the plan, and then adopt (or officially update) the LCAP at a subsequent hearing. Districts are required to post on the school district website the LCAP approved by the Board of Education and any updates or revisions to the LCAP and establish policies for filing a complaint of noncompliance under EC §52075 using the Uniform Complaint Procedures. Information regarding the requirements for a Local Control and Accountability Plan and the complaint process shall be provided to pupils, parents, and employees on an annual basis.

Title I Schools (20 USC 6311,34 CFR 200.61)

Requires the school district, at the beginning of the school year, to notify parents or guardians of each student attending a school receiving Title I funds that they may request information regarding the professional qualifications of their child's classroom teacher(s).

Notification must be in an understandable and uniform format, and to the extent practicable, provided in a language that the parents can understand.

Each year the Superintendent or designee shall identify specific objectives of the district's parent involvement program for schools that receive Title I funding. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program.

The Superintendent or designee shall consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations.

He/she also shall involve parents/guardians of participating students in decisions regarding how the district's Title I funds will be allotted for parent involvement activities. The Superintendent or designee shall ensure that each school receiving Title I funds develop a school level parent involvement policy in accordance with 20 US.
